Environmental Policy

Aqua Prep is dedicated to ensuring it conducts its operations in the most environmentally sustainable, responsible and conscious manner. Our Environment Policy reinforces our commitment and precautionary approach to environmental sustainability. It also demonstrates our understanding that our actions are important to our customers and our people, as well as our business outcomes. All employees, contractors and suppliers are invited and expected to share in this commitment.

Our Environmental policy commits us to:

- Comply with all our Environmental statutory obligations
- Drive a culture of continuous environmental improvement with a focus on materials, fuel and energy efficiency
- Actively pursuing renewable or lower-carbon fuels and energy sources
- Understanding and managing our environmental risks and impacts with the goal of minimising or eliminating those risks
- Ensuring the environment is considered in our investment and corporate strategies, procurement and the products and services we offer
- Actively working to minimise pollution, manage waste streams and address relevant biodiversity issues
- Engaging with our customers, employees and shareholder on environmental issues and transparently reporting on our environmental performance
- Measure our environmental performance and strive for continuous improvement
- We will establish Environmental objectives and review annually

This signed statement confirms our personal commitment to this Policy.
